

Ongoing Service and Support

When you choose Wolters Kluwer Financial Services, you receive reliable, ongoing service and support from day one. In fact, we take support so seriously, we offer it in a variety of ways, including product support, customer support, and software support that's available on-line and over the phone.

In addition, we offer you the latest information on compliance issues that may affect you through our dedicated resource: **ComplianceHeadquarters.com**.

Training Services

We provide a variety of training services from the time of installation through the changing training needs of your staff. Our goal is to teach you the skills you need to use our software products productively and efficiently.

We emphasize effective training as a prerequisite to the successful implementation of our software products. Our introductory training can be offered on-site or at our corporate headquarters.

As users become more proficient, we offer hands-on workshops, hands-free seminars, web-based training, that help you get the most out of ARTA Deposit's features and functions.

Trusted and Endorsed

As a leading deposit documentation and work flow system, ARTA Deposit has been tested and endorsed by a number of industry-leading associations, including:

- Independent Community Bankers of America (ICBA)
 - Alabama Bankers Association
 - California Bankers Association
 - Community Bankers Association of Illinois
 - Texas Bankers Association
 - Community Bankers of Wisconsin
-
- National Association of Federal Credit Unions (NAFCU)
 - Illinois Credit Union League
 - Montana Credit Union League

For more information on association endorsements and discounts that may apply, please call 1-800-552-9410.

ARTA® Deposit
Documentation System

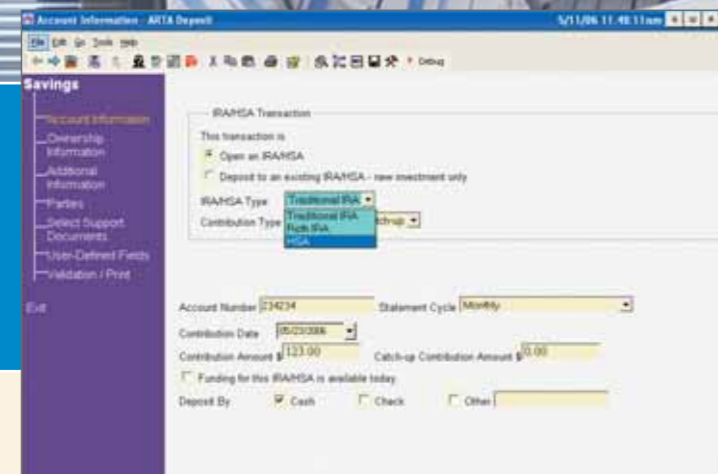

The Efficient, Reliable
Way to Manage
Deposit Transactions

ARTA® Deposit Documentation System

ARTA® Deposit is designed to help you manage deposit transactions quickly and efficiently, while also helping reduce your risk and improving your compliance effectiveness.

It offers easy-to-use, easy-to-learn features that help you save time and focus more of your energy on account owners. It also helps you automatically select the appropriate documents and disclosures based on state and federal requirements and your specific policies.

The result is a more efficient, compliance-driven way to generate deposit documents for routine and high-volume new account and deposit transactions.

ARTA Deposit Highlights

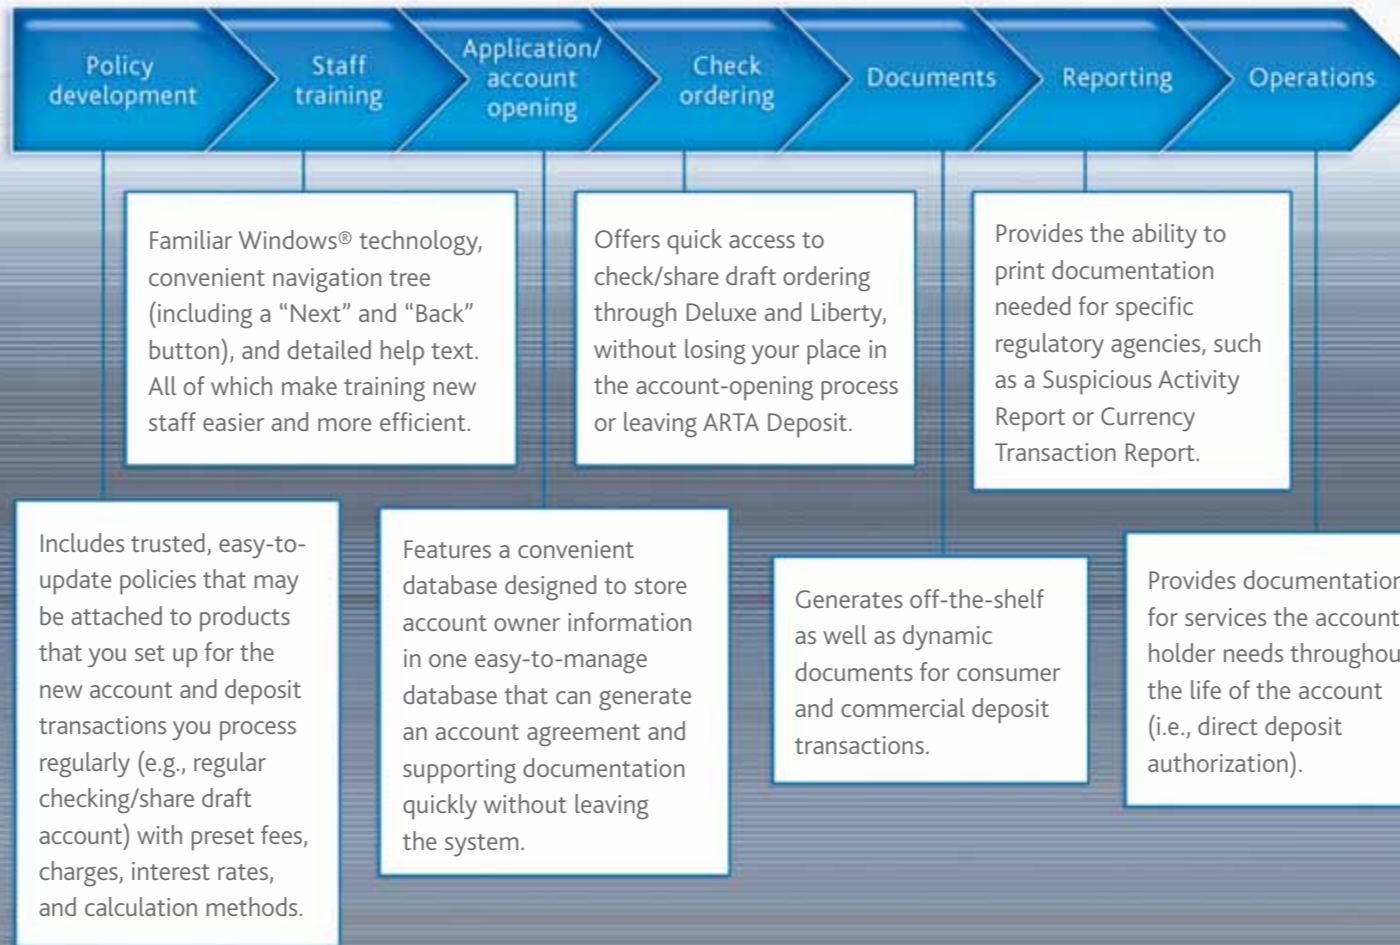

- Supports a **comprehensive set of deposit transactions** for checking/share draft, savings, Certificates of Deposit (CDs)/Term Share Certificates, individual retirement accounts (IRAs), and even Health Savings Accounts (HSAs)
- Provides **flexible CD options** that allow you to offer a variety of CD products
- Provides documents for **all 51 jurisdictions**—no need to buy multiple single-state versions

- Offers easy-to-understand **help text** for quicker staff training and a more knowledgeable staff
- Delivers the documents you need to address **consumer and business** transactions, including those needed for small business accounts

An Entire Work Flow Solution

ARTA Deposit helps you do more than just document deposit transactions. It helps you operate more efficiently throughout your deposit work flow—from policies to opening to reporting.

Includes trusted, easy-to-update policies that may be attached to products that you set up for the new account and deposit transactions you process regularly (e.g., regular checking/share draft account) with preset fees, charges, interest rates, and calculation methods.

Features a convenient database designed to store account owner information in one easy-to-manage database that can generate an account agreement and supporting documentation quickly without leaving the system.

Generates off-the-shelf as well as dynamic documents for consumer and commercial deposit transactions.

Provides documentation for services the account holder needs throughout the life of the account (i.e., direct deposit authorization).

Familiar Windows® technology, convenient navigation tree (including a “Next” and “Back” button), and detailed help text. All of which make training new staff easier and more efficient.

Offers quick access to check/share draft ordering through Deluxe and Liberty, without losing your place in the account-opening process or leaving ARTA Deposit.

Provides the ability to print documentation needed for specific regulatory agencies, such as a Suspicious Activity Report or Currency Transaction Report.

Easy to Use, Efficient, Compliance Driven

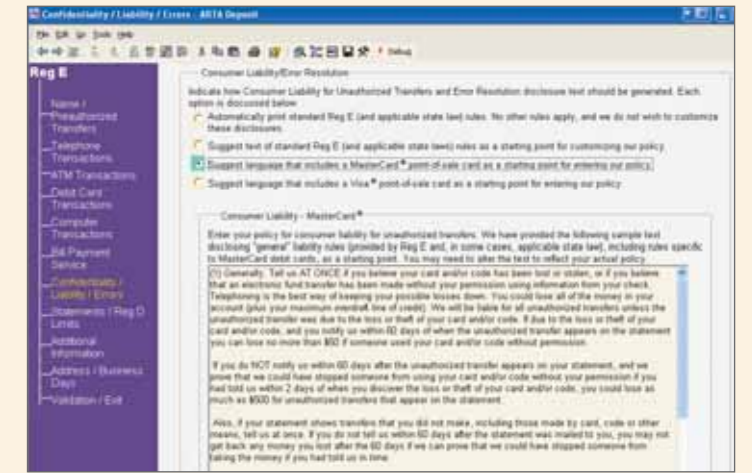

ARTA Deposit is designed with powerful, timesaving features that help you increase the speed and productivity of your deposit program, including:

Data Validation—Signal possible input errors, such as missing data or incorrect entries.

Navigation Tree—Walk through each step and train new staff on the account-opening process with this easy-to-use and easy-to-learn feature.

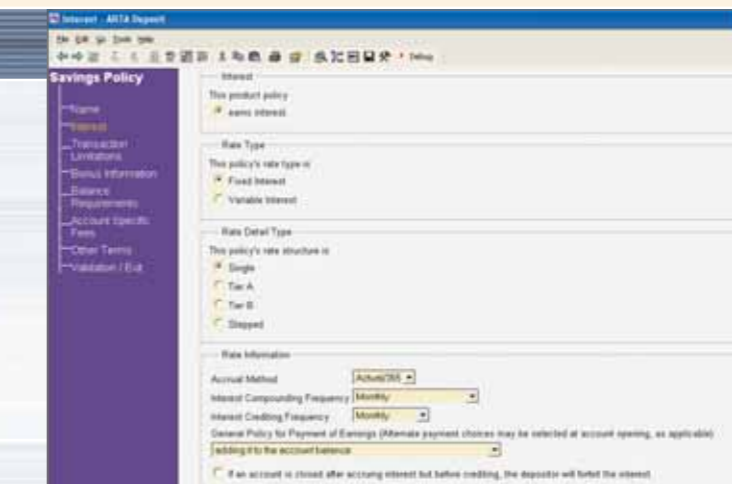

Help Text—Find answers quickly and minimize training costs with in-depth help text.

Standard Policies and Products—Operate efficiently with preset fees, charges, interest rates, and calculation methods for your most popular transactions.

Dynamic Documents—Customize language to meet your needs and generate documents that include only the information that pertains to each specific transaction.

Autoselection—ARTA Deposit assists you in the selection of the appropriate documents for each transaction to help ensure the correct documentation and disclosures are being used.

Addressing Your Business Needs

ARTA Deposit’s features help you address a variety of business objectives, such as increasing your overall efficiency, easily updating policies and procedures, and responding to market changes more effectively.

- Your business need:** Ability to quickly respond to the ever-changing deposit environment.
- Your business need:** Reduce or eliminate costly errors that can occur when using paper documents.
- Your business need:** Increased compliance consistency across branches.
- Your business need:** Training for new staff on the account-opening process.
- Your business need:** Account-opening documents and disclosures for small business owners.

- Our solution:** ARTA Deposit allows you to easily update your policies, disclosures, and rates to help you quickly respond to market changes and meet your account owners’ needs.
- Our solution:** ARTA Deposit’s data validation feature identifies possible data entry errors before the transaction is complete—thus saving you processing time and providing better service.
- Our solution:** ARTA Deposit helps you make sure that the most up-to-date rates and documents are being used at each branch.
- Our solution:** ARTA Deposit makes the training process easier by providing in-depth user help text. It also allows you to build policies with preset fees, charges, interest rates, and calculation methods.
- Our solution:** ARTA Deposit provides the documents you need to open accounts for small businesses, including account agreements, disclosures, and resolutions.
